

Northeastern Shoreline Initiative Clark Hollow Bay Donors

It is thanks to the generosity of the following donors that the LGLC's was able to protect Clark Hollow Bay; a 60-acre land parcel that acts as the final link in a history of generational support for our Northeastern Shoreline Initiative. Special thanks to the Beaty Family whose generous matching challenge in honor of James (Jim) Beaty resonated deeply with so many members of our community. We are working to keep this list as up to date as possible as we continue to receive pledges. Thank you for your support!
